<td>An effective, collaborative and engaged community that develops creative, highly-motivated and successful lifelong learners.</td>
<td>Elanora Heights Public School (EHPS) had an enrolment of 599 students at our 2015 census date. 266 boys and 333 girls were enrolled across K-6, allowing us to form 24 classes. Elanora Heights Public School is a high performing school with a tradition of excellence across a number of areas. We are a co-educational school offering students strong academic, sporting, creative and performing arts programs. Our diverse curriculum and extracurricular programs cater for students with a full range of abilities and interests. Our students come from a range of ethnic and socio-economic backgrounds. Elanora Heights Public School is supported by an active and involved parent community.</td>
<td>Planning for the school plan began in Term 4, 2014 through a series of consultations and continued in Term 1, 2015. Consultation included meetings with staff and community members, discussions at P&amp;C meetings and through focus group sessions. Parents and community members were asked to provide feedback via the school newsletter and through online surveys. Staff provided feedback via regular Teacher Professional Learning sessions. The school vision was developed through workshop sessions with the staff with input from the community. A school planning committee, consisting of parents and teachers, was formed to develop a draft school plan. This plan was then presented at P&amp;C and Staff meetings for endorsement by the school community.</td>

School strategic directions 2015 - 2017

**Purpose:** To develop literate, numerate and socially, environmentally and culturally aware students by providing learning experiences that engage them and develop their ability to think critically, creatively and ethically.

**STRATEGIC DIRECTION 1**
Creative Engaged Learners

**Purpose:** To foster an innovative, inspiring culture of collective efficacy and to develop collaborative, reflective teachers whose practice is informed by student data and current research.

**STRATEGIC DIRECTION 2**
Innovative Inspiring Teachers

**Purpose:** To build stronger relationships as an educational community by leading and inspiring a culture of collaboration, engaged communication, empowered leadership and organisational practice.

**STRATEGIC DIRECTION 3**
Committed Collaborative Community
### Strategic Direction 1: Creative Engaged Learners

#### Purpose
To develop literate, numerate and socially, environmentally and culturally aware students by providing learning experiences that engage them and develop their ability to think critically, creatively and ethically.

---

#### People

**Students will:**
- Engage with community experts and agencies to identify issues to be addressed
- Develop problem solving strategies and skills to work collaboratively through workshops with community/teacher mentors

**Staff will**
- Engage in Teacher Professional Learning based on project based and relevant problem solving strategies

**Parent and carers:**
- Engage in information sessions and classroom observations to develop an understanding of the Australian Curriculum, project based learning and problem solving.

**Community members:**
- The broader community will be informed through promotional initiatives and community expertise will be utilised to support student and teacher learning
- Executive and teacher leaders will liaise with community groups and facilitate teacher professional learning

---

#### Processes

**Implementation of Australian Curriculum** – This project will focus on quality teaching, rich tasks and innovative technologies as learning tools

**Student Projects** – These projects will focus on expanding learning opportunities for students to raise cultural, social, environmental, creative and critical awareness e.g. PCS Science Fair, Leadership programs, NAIDOC celebrations, Harmony Day.

**SRC Leadership Initiative** - This project will focus on developing leadership skills among school leaders.

**Evaluation:**
Regular monitoring and evaluation by students and staff as to the effectiveness of problem based programs as a strategy to develop creative higher order thinking and problem based learning skills

---

#### Products and Practices

**Products:**
- Improved average NAPLAN performance for all students
- Tell Them from Me survey will show an increase in student engagement and satisfaction
- Rich authentic tasks are developed and implemented in all stages
- Achievement of learning goals

**Practices:**
- Students demonstrate confidence as learners and reflect on their progress against their personal goals
- Positive respectful relationships are evident among students and staff, promoting student well-being and ensuring an optimal learning environment
- Students take responsibility for their own learning
- Students engage in tasks that require collaborative problem solving to develop creative solutions

---

#### Improvement Measures
- Improved average NAPLAN performance for all students
- Increase student engagement and satisfaction
# Strategic Direction 2: Innovative Inspiring Teachers

**Purpose**

To foster an innovative, inspiring culture of collective efficacy and to develop collaborative, reflective teachers whose practice is informed by student data and current research.

### People

- **Students will:**
  - Access real world learning opportunities and engage in project based and problem solving learning
- **Staff will:**
  - Work collaborative to design and implement teaching and learning experiences and assessment that encompasses deep thinking, innovation and creativity
  - Establish a program of personalised, professional development using a range of strategies
  - Participate in professional learning that will increase their skills in differentiated learning
  - Analyse and use a range of data to develop teaching programs

### Processes

- **Teacher Accreditation** – This project focuses on ensuring an effective induction program for teachers who are new to the school, support for beginning teachers and teachers seeking accreditation at Highly Accomplished and Lead levels
- **Professional learning plans and professional goal setting** - This project will focus on utilising the Performance and Development Framework to collaboratively work with teachers and provide mentoring and support to them to develop professional learning plans and to set professional goals

### Products and Practices

- **Projects:**
  - Increasing the number of teachers seeking accreditation at highly accomplished and lead
  - Professional learning plans incorporating professional goals developed and implemented for all teachers
  - Differentiated programs aligned to Australian Curriculum with rich assessment tasks incorporating problem based learning and problem solving developed and implemented across all stages

- **Improvement Measures**
  - Increasing the number of teachers seeking accreditation at highly accomplished and lead
  - Professional learning plans incorporating professional goals developed and implemented for all teachers

- **Leaders:**
  - Initiate specific and whole school programs to lead successful quality teaching and leadership programs

### Evaluation:

- Whole school data will show an increasing level of engagement in authentic tasks linked to real world problems and issues within the community
- Regular evaluation and monitoring of school based and external Teacher Professional Learning in relation to school goals and priorities and teacher’s professional growth

---

**Note:**

- Elanora Heights Public School
## Strategic Direction 3: Committed Collaborative Community

### Purpose
To build stronger relationships as an educational community by leading and inspiring a culture of collaboration, engaged communication, empowered leadership and organisational practice.

### People
#### Students:
- Access other learning opportunities through broader community experiences to provide a real world context.
- Engage and actively participate in leadership and learning through a variety of curricular and extracurricular programs to achieve our purpose.

#### Staff:
- Undertake Teacher Professional Learning and design and implement rich tasks that incorporate project-based and problem-solving learning.
- Work collaboratively to develop Professional Learning Plans that support and empower them to take on leadership roles.

#### Parents and carers
Work together to establish meaningful and proactive partnerships to engage our students in real world activities.

### Processes
#### Whole school Leadership Development plan
- Focus on developing student, staff and parent and community leadership initiatives.

#### Student projects
- These projects will engage students to develop collaborative projects based on authentic real world situations.

#### Evaluation:
- Tell Them for Me surveys will inform the direction and improvement required.
- Data will show an increase in the members of the school community taking on leadership roles.

### Products and Practices
#### Products:
- Increased parent and community engagement.
- School priorities that are underpinned by the work of the whole school community.
- Whole school and community leadership development plan developed and implemented.

#### Practices:
- Teacher, students, parents/carers and community members:
  - Work cooperatively and take on leadership roles to create a collaborative, empowering learning environment.
  - Work collaboratively with the broader community to engage in authentic, real world project-based and problem-solving learning.
- Student leaders show initiative and responsibility for leading and driving Student Representative Council directions.
- School leaders foster distributed leadership by empowering and supporting teachers to assume leadership roles.

### Improvement Measures
- Increased whole school participation in volunteer work throughout the year at school.
- Increased parent and community engagement.
